

Problem Statement: Unlocking Societal Trends in Aadhaar

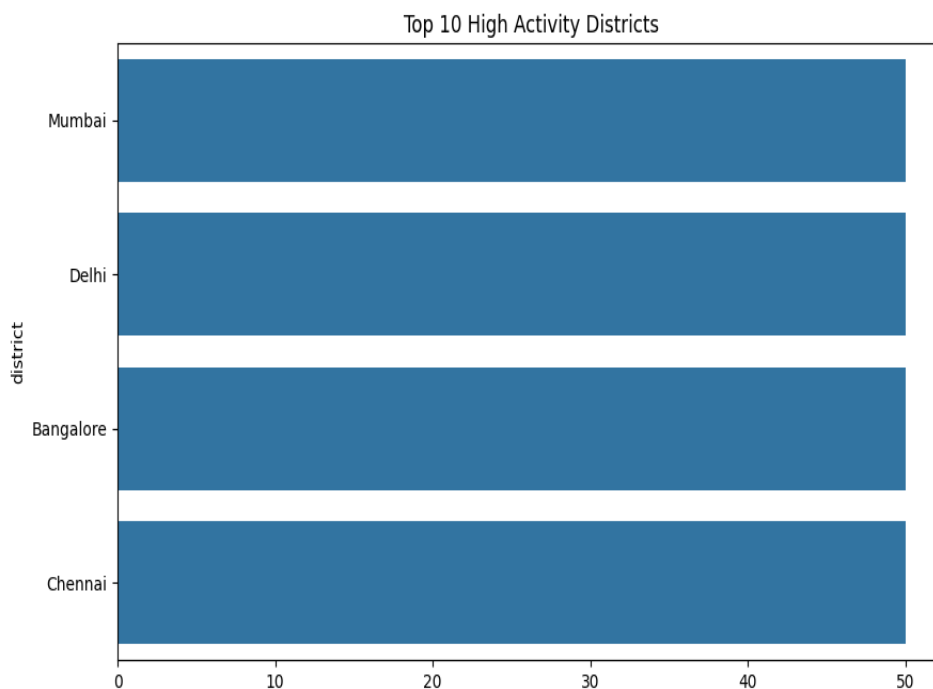

Submission Date: Jan 2026

1. Problem Statement

We analyzed Aadhaar Enrolment and Update trends to identify high-activity regions.

2. Analysis

The chart below shows the districts with the highest volume of activity.

3. Code Appendix

```
import pandas as pd
import glob
import seaborn as sns
files = glob.glob('**/*.csv', recursive=True)
dfs = [pd.read_csv(f) for f in files]
df = pd.concat(dfs)
```
